

DONOR SEMEN SERVICES AGREEMENT

CCB-NWC LLC (“**NWCryobank**”) provides frozen donor sperm specimens (“**Specimen(s)**”) and the storage of these Specimens is subject to the following conditions. Please read this agreement carefully.

1. SCOPE

This Donor Semen Services Agreement (“**Agreement**”) is between NWCryobank and you (the “**Client**”), and applies to the Client’s purchase and storage of Specimens and related NWCryobank services.

2. PURCHASE OF SPECIMENS

NWCryobank accepts orders for the purchase of Specimens on its website and by telephone through its Client Services Representatives. Orders cannot be placed by e-mail or facsimile. In order to purchase Specimens, the Client must (a) select a Specimen donor from NWCryobank’s donor catalog and (b) pay for the Specimen(s), as set forth in Section 8 (Terms and Fees) below, at NWCryobank’s then current Specimen fees. All purchases are final, and there are no refunds or exchanges, except pursuant to NWCryobank’s Vial Exchange Program, Vial Buyback Offer, or order change rules. Specimen fees and the terms of the Vial Exchange Program, Vial Buyback Offer and order change rules are subject to change without notice.

3. SPECIMEN QUALITY

NWCryobank is committed to providing quality Specimens. NWCryobank evaluates Specimens to ensure that they meet NWCryobank’s current quality standards. A post-thaw analysis of sperm count and motility is included with every Specimen shipment. IUI Specimens are processed and ready for intrauterine insemination. ICI Specimens are processed and ready for intracervical insemination. All specimens are suitable for at-home vaginal insemination.

4. SPECIMEN STORAGE AND SERVICES

Client shall pay in advance for all services and storage at NWCryobank’s then current rates as set forth in Section 8 (Terms and Fees). Client may request that NWCryobank store Client’s Specimens for a specified period of time (the “**Initial Storage Period**”). The Initial Storage Period shall be extended automatically for each successive month, unless Client notifies NWCryobank in writing 30 days in advance of the renewal that Client does not wish to continue storage. If the Specimens are retrieved then the storage provisions are not applicable.

Client may also purchase additional storage options at any time before the end of the current Storage Period.

Each Renewal Period shall be at NWCryobank’s then current rates. Client acknowledges and agrees that Client’s sole remedy for any loss, damage or destruction of Specimens during storage shall be the liquidated damages described below in Section 13 (Limitation of Liability).

NWCryobank will hold newly-ordered Specimens as an “open order.” Specimens that are not retrieved or enrolled in long-term storage within the open order period as specified on the website will be automatically enrolled in a one (1) month Initial Storage Period at NWCryobank’s then current storage rates and will automatically renew for each successive month pursuant to the above paragraph.

5. RELEASE OF SPECIMENS

Prior to any retrieval of Specimens, “Client’s Healthcare Provider” if applicable, must complete and submit to NWCryobank an A1 Authorization for Release of Semen form. Each authorization form is valid for two (2) years. The authorization includes the names of the persons to whom the Specimens can be released including to Client, Client’s Healthcare Provider, or other storage facility. A new authorization form must be completed and submitted if Client changes Client’s Healthcare Providers. Alternatively, if Client is planning an at-home insemination (AHI) procedure and not engaging the services of a Healthcare Provider in her insemination procedure, an authorization is not required (unless AHI is otherwise prohibited by a State regulatory authority).

Subject to the limitations set forth in Section 6 (Changes Restricting or Preventing Specimen Release) below, NWCryobank will release Specimens to the persons designated on the authorization form at the addresses on the authorization. Upon Client’s request, NWCryobank will ship Specimens on Client’s behalf via a commercial shipping service. Specimens will be deemed to be retrieved by Client when accepted by the shipper. Client accepts full responsibility for the Specimens during shipping.

Client’s purchased specimens will be placed in dry shipper tanks with handling instructions. Client is responsible for returning the tank, undamaged, to NWCryobank within the number of days specified in the instructions from the date of pick-up. Client accepts full responsibility for the tank once it is picked up and accepts all financial responsibility including late tank return fees and/or damaged, lost, or stolen tank(s). A tank will be considered lost if it is not returned within thirty (30) days, and NWCryobank will charge the credit card associated with Client’s account for tank replacement costs. If no credit card is associated with Client’s account, Client will be billed and liable for tank replacement costs.

6. CHANGES RESTRICTING OR PREVENTING SPECIMEN RELEASE

Changes to donor screening requirements or the discovery of new medical or genetic information about a donor may restrict or prohibit the release of Specimens. If the release of Specimens is restricted, a genetic acknowledgement form may be required from Client and Client’s Healthcare Provider prior to the release of the Specimens. Under such circumstances, NWCryobank may not release the Specimens. Client agrees and accepts the risk that the Specimens may be restricted or prohibited from release due to changes in donor screening requirements or the discovery of new medical or genetic information about a donor.

DONOR SEMEN SERVICES AGREEMENT

7. AVAILABLE AND UPDATED GENETIC AND/OR MEDICAL INFORMATION

Client acknowledges that: donors may be carriers for certain inheritable conditions or diseases; NWCryobank uses a third-party to test for a subset of, but not all, such conditions and diseases; and results from a donor's routine carrier screening which NWCryobank has had performed, including any "positive carrier" status results, have been made available to Client, and Client's Healthcare Provider, if applicable, on NWCryobank's website. It is the responsibility of both Client and Client's Healthcare Provider to assess and determine the suitability or non-suitability of any donor based on paired genetic information with Client or with any other gamete donor who may be paired with donor's gametes. Client acknowledges that all carrier status testing is also limited by current detection sensitivity and accuracy rates, so that there is a small, but real, possibility that any negative carrier status testing result is a "false negative," meaning a particular donor may in fact have a positive carrier status that current testing processes did not detect. Client should consult with Client's Healthcare Provider known, reported genetic information as well as the potential of currently unknown or unreported genetic information in choosing a donor.

It is possible that updated genetic and/or medical information may become known to NWCryobank after Specimens have been distributed by NWCryobank. With the passage of time between NWCryobank's storage or distribution of Specimens and their use, it becomes more likely that such information may arise prior to any Client using Specimens or embryos created from them. While NWCryobank may from time to time get and share updated clinically significant medical and/or genetic information with Client and/or Client's Healthcare Provider, if applicable, it is up to Client, prior to using any Specimens or embryos created from use of Specimens, to contact: (I) Client's Healthcare Provider; and (II) NWCryobank, for any such updated information of which NWCryobank may have become aware. Client acknowledges and agrees that under some circumstances, NWCryobank may have shared such updated information only with Client's Healthcare Provider, in which event, whether or not Client would be informed of such updated information would be entirely dependent upon Client contacting Client's Healthcare Provider and receiving such updated information from Client's Healthcare Provider.

Although NWCryobank is not obligated hereunder (or otherwise) to disclose or share with Client or Client's Healthcare Provider any updated clinically significant medical and/or genetic information, in the event NWCryobank does share any such updated information, Client should consult with Client's Healthcare Provider(s) including a Genetic Counselor who can discuss with Client the potential significance of such information. NWCryobank is not a medical provider, and cannot provide medical advice, but upon request, will refer Client to Genetic Counselors for that purpose.

Notwithstanding the foregoing, nothing contained herein shall be deemed to impose upon NWCryobank any duty or obligation to share with Client or Client's Healthcare Provider any updated information about a donor or Specimens of which it becomes aware, whether or not it is determined that such updated information is, or may be, clinically significant or actionable medical and/or genetic information. Furthermore, no assurances can be given that donors will provide to NWCryobank, or that NWCryobank will receive or come to know of, any such updated information, notwithstanding any contractual or other obligations, if any, on the part of donors to so provide NWCryobank with any such updated information.

8. TERMS AND FEES

Payment for Specimens, Specimen storage and other services must be made at the time of order. NWCryobank accepts payment by major credit cards or wire transfer (NWCryobank does not accept cash or check). If Client pays by credit card, Client hereby acknowledges that Client is authorized to use the credit card and Client authorizes NWCryobank to charge the credit card for service and storage fees due including for automatic Renewal Periods as specified in Section 4 (Specimen Storage and Services). If Client does not retrieve Client's specimens or extend Client's storage contract prior to the end of the storage period, NWCryobank will charge Client's credit card for the Renewal Period. Client's authorization to charge to the credit card the foregoing fees will remain in full force and effect until revoked by Client with written notice to NWCryobank. In the event NWCryobank is unable to charge the fees to the credit card, Client will be liable to NWCryobank for any amount due.

In the event Client fails to pay outstanding balances for more than thirty (30) days, NWCryobank has the right, but not the obligation, to terminate this Agreement as set forth in Section 19 (Termination).

10. INDEMNIFICATION

Client agrees to indemnify, defend and hold harmless NWCryobank and its affiliates, and each of their shareholders, directors, officers, employees, agents, representatives, contractors, vendors, Healthcare Providers, successors and assigns from and against any claims, losses, damages, liabilities, demands, offsets, causes of action and expenses, including attorneys' and experts' fees, arising out of or related to any third party action, proceeding, or dispute arising out of this Agreement. For the avoidance of doubt, Client's designated authorized recipient or any other person who uses Specimens that Client purchases hereunder shall be considered a third party pursuant to this Section 10 (Indemnification). NWCryobank shall promptly notify Client in writing of any such third party action and Client agrees to immediately assume full responsibility for all costs associated with such matter, including but not limited to attorneys' and experts' fees in connection therewith; provided, however, that Client shall not settle any such action without the prior written consent of NWCryobank, which consent shall not be unreasonably withheld. Furthermore, with respect to claims whereby NWCryobank is ordered by a court with judicial authority to hold Specimens, NWCryobank's indemnification right shall include the payment of all storage fees resulting from the court ordered hold, as well as fees associated with any time expended by employees or agents of NWCryobank regarding such court action

11. DEATH OF CLIENT

In the event of Client's death, NWCryobank, subject to the provisions of this Section 11 (Death of Client), will (and Client hereby instructs NWCryobank to) release Client's Specimens to such person, if any, that Client has designated in writing (the "**Written Designation**") as the person to receive such Specimens upon Client's death (the "**Beneficiary**"). The release of Specimens to such Beneficiary shall be subject to satisfaction of each of the following: (a) receipt by NWCryobank of the Written Designation and such other valid documents (satisfactory in all respects to NWCryobank in its sole discretion) as NWCryobank determines to be necessary to provide appropriate proof of Client's death and Client's valid designation of the Beneficiary, (b) in order to claim Client's Specimens, the Beneficiary must contact NWCryobank and enter into a new Donor Semen Services Agreement, and (c) Client's account must be in good standing with no unpaid fees. Until NWCryobank receives notice of Client's death, this Section 11 shall not be applicable and the remaining provisions of this Agreement shall continue to apply, including without limitation, the obligation to pay all fees hereunder. If, within thirty (30) days of NWCryobank's becoming aware of Client's death, NWCryobank has not received the documents required by clauses (a) and (b) above, then this Agreement shall terminate pursuant to Section 18(c) (Termination) and NWCryobank may discard or otherwise dispose of Client's Specimens. NWCryobank shall have no obligation to seek or find Client's Beneficiary whether or not NWCryobank has knowledge of Client's death.

DONOR SEMEN SERVICES AGREEMENT

13. LIMITATION OF LIABILITY

Acknowledgement of Risks and Release of Liability. Client has been advised and understands that there are inherent risks in the collection, testing, processing, freezing, storage, shipping, thawing, and use of semen, including but not limited to damage to the sperm, reduced capacity for fertilization and reduced life span of the sperm after thawing. Except as set forth in Section 3 (Specimen Quality) above, NWCryobank does not guarantee against any possible loss, degradation, spoilage, contamination or the like of any portion or all of the semen for any reason, including but without limitation, as a result of NWCryobank's negligence or as a result of circumstances beyond NWCryobank's control (including but not limited to fire, power outage, natural disaster, terrorist attack or act of war). Client agrees that except as set forth in "Liquidated Damages" below, Client shall not be entitled to any form of damages, compensation, recovery or reimbursement and hereby releases NWCryobank from all liability in connection with any loss, damage or destruction of a Specimen due to the risks described in this paragraph or otherwise.

Liquidated Damages. The parties stipulate and agree that it would be impracticable and extremely difficult to fix actual damages for the loss, injury, damage, or destruction of Specimens stored under this Agreement. In accordance with California Civil Code, Section 1671, the parties hereby agree that in the event of the loss, injury, damage or destruction of the Specimens caused by NWCryobank's negligence or failure to exercise reasonable care in providing storage of the Specimens, liquidated damages shall be the amount of fees paid to NWCryobank for such Specimen purchased and the total amount of storage fees paid by Client for the storage period (i.e., the Initial Storage Period or a Renewal Period as the case may be) in which such alleged loss, injury, damage or destruction occurred. The parties stipulate and agree that this declared value is a limit of liability in accordance with California Civil Code Section 1840.

Release of NWCryobank and Related Parties. Except as expressly provided above under "Liquidated Damages," Client expressly releases NWCryobank, its shareholders, directors, officers, employees, agents, representatives, contractors, vendors, Healthcare Providers, parent companies, subsidiaries, affiliates, successors and assigns (the "NWCryobank Affiliates") to the fullest extent permitted by law from any claims, losses, damage, expenses, liabilities, demands, offsets, causes of action and attorneys' fees which Client may have arising out of or in any way relating to this Agreement, including but not limited to the collection, processing, testing, freezing, thawing, sale, purchase, storage, shipping, release, loss, damage or destruction of the Specimens.

Acknowledgements Regarding the Releases; Waiver of Statutory Provision. Client acknowledges that by the releases in Section 12 (No Warranties) and this Section 13 (Limitation of Liability) Client gives up any right Client might otherwise have, now or in the future, to sue or otherwise seek money damages or other relief against NWCryobank and the NWCryobank Affiliates for any reason relating to this Agreement, including without limitation, the collection, testing, processing, freezing, storage, shipping, thawing, sale, purchase of any services, release, loss, damage or destruction of the Specimens or otherwise in connection with services provided by NWCryobank pursuant to this Agreement. "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH, IF KNOWN BY HIM OR HER, MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

14. CONFIDENTIALITY OF INFORMATION

NWCryobank agrees to use reasonable efforts to maintain the confidentiality of information provided by Client. This provision shall be deemed not to restrict disclosure required by law, requested by any government agency or public authority, inadvertent disclosures due to the unintentional release of information, disclosures resulting from media attention, disclosures made by individuals, whether or not employed by NWCryobank, disclosures of information by computer hackers or any other type of intruder acting without company authorization, releases of information to the hospital, laboratory or any Healthcare Provider requesting information for the claimed purpose of providing service to Client, disclosures to professional consultants or advisors to NWCryobank, or disclosures as part of a potential or actual sale, transfer or assignment of any or all rights or obligations of NWCryobank under this Agreement (in accordance with Section 9).

15. NOTIFICATION OF ADDRESS CHANGE
